Young wolves learn by watching older members of their pack, their learning process never ends . . .

CLASSES

CLASS OF '71 LEADS THE WAY

President Mike Ramsey, Vice-President Mary Fabela, Secretary June Magarro, Treasurer Arabela Madrid.

Advisor Mrs. Scarborough

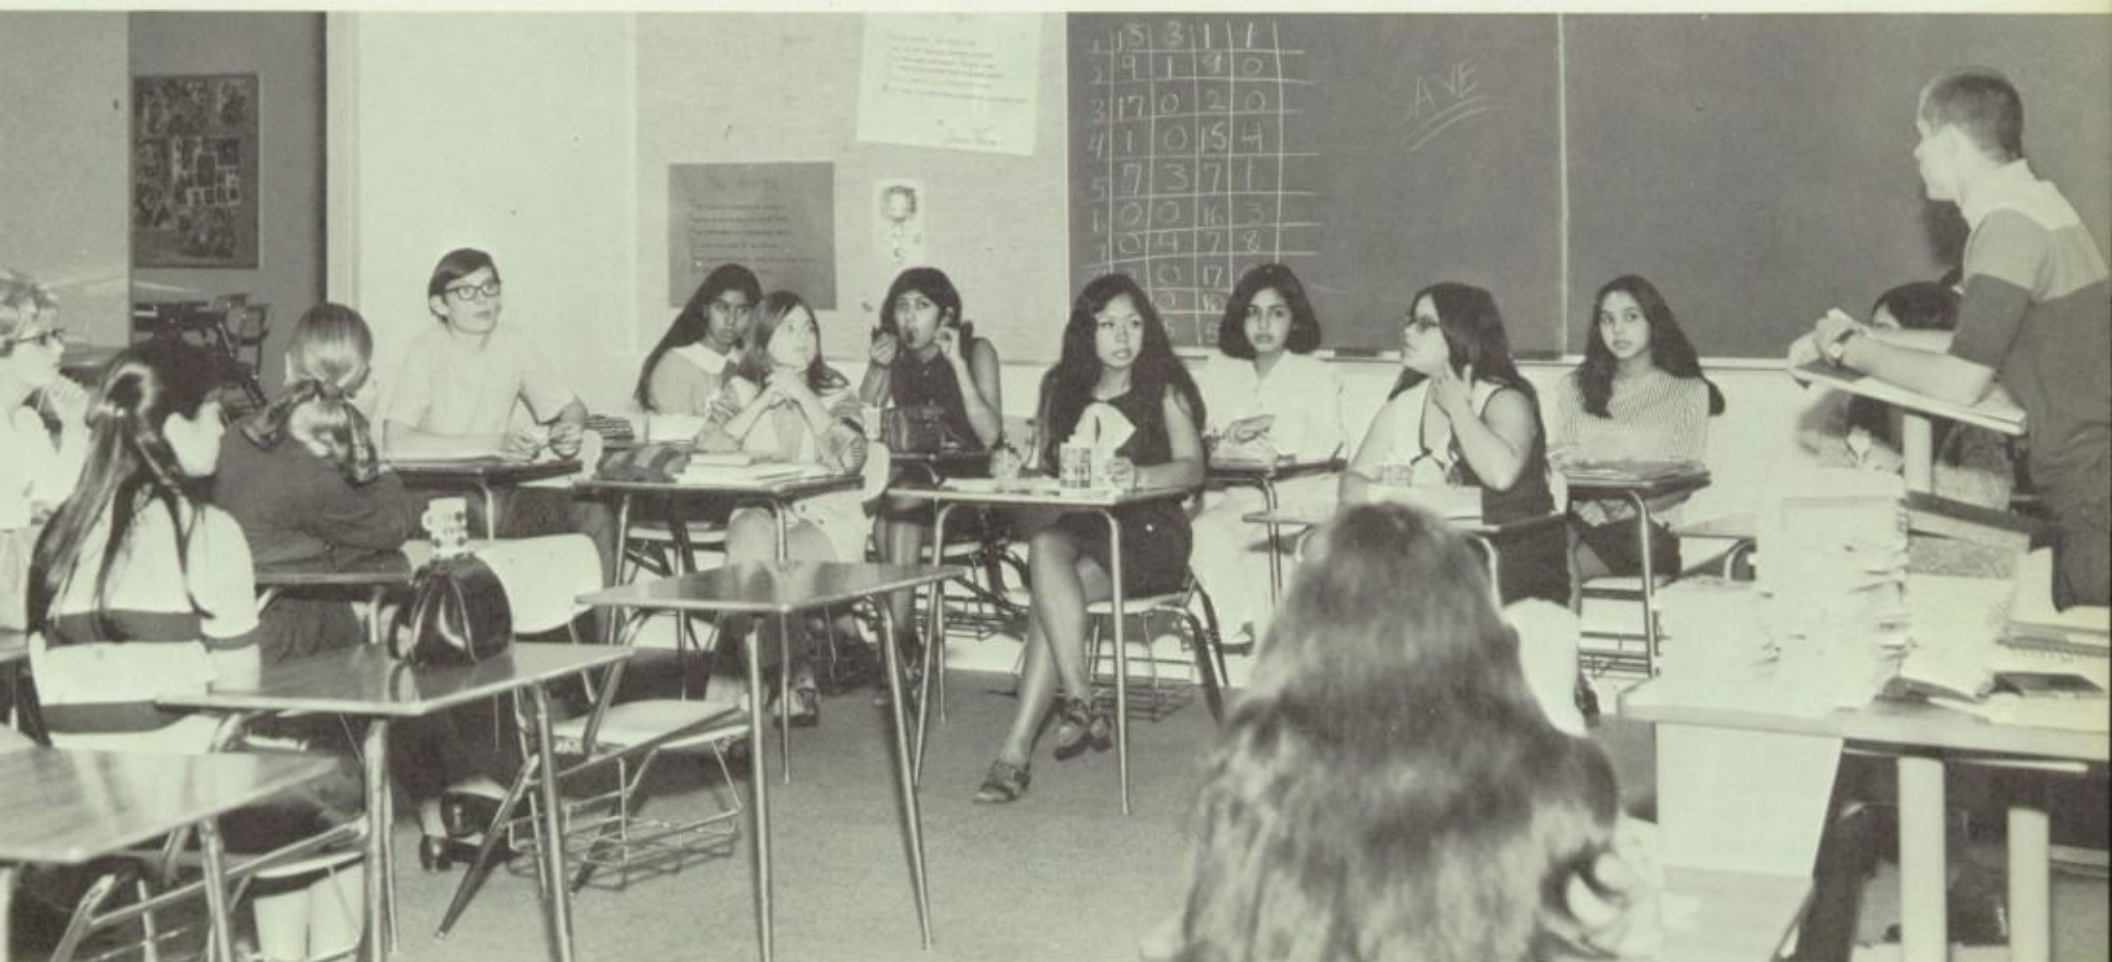

Advisor Miss Lowe

The Juniors have attended Los Amigos for two years already, both years as the highest class. As a result of this, the juniors have had a responsibility of leading the way and setting an example for the underclassmen and for the classes in the future. Also they have been the first to establish tradition. Some of the traditions already established are the junior class rings and the donut sales. All this as a whole could not have been done without the help of the class officers, advisors, and especially the Junior Class.

Again we have struggled through another year, making more mistakes, learning a bit now and then, but most of all improving. Although I can't say that it's really been easy, it has been lots of fun. We are looking forward to next year when we will have our first graduating class, so we hope to make the book near perfect. This won't be possible at all without the help of a few persons, who have helped us this year. So I would like to thank Ed Brennan of Pischel Yearbooks, Inc., Richard Beem of Roberts Studios, Photographers: Dennis Skaggs and Raul Fernandez, and our advisor, Carol Lipp.
